The Association for Behavior Analysis International is pleased to offer the 2007 Autism Conference, *Progress and Challenges in the Behavioral Treatment of Autism* on DVD. This conference exposed providers of home and school-based behavior analysis services, parents and family members, caregivers, researchers, teacher trainers, and students to the most current, scientifically validated information about behavior analysis in autism treatment. The single-track conference featured 14 invited presentations by prominent researchers and authorities on the treatment of autism and representatives from the May Institute and the New England Center for Children (past SABA Awardees for Enduring Programmatic Contributions to Behavior Analysis). Place your order now for delivery in March.
